1. Applicant's arguments regarding the WO 00/41523 reference not being prior art to the instant application are persuasive. Therefore, the previous rejection is withdrawn. A new rejection is set forth below.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gott GB 2,041 in view of Garick, U.S. Patent No. 3,758,329 as set forth in the previous office action, paragraph no. 2, and further in view of Shambelan, U.S. Patent No. 3,531,363. Gott differs from the claimed invention because Gott does not disclose that the coating is discontinuous. Shambelan teaches that aligned fibers may be bonded with a discontinuous coating so that the resulting bonded array has a more fabric-like feel and is breathable. See col. 1., line 62 – col. 2, line 20; col. 2, lines 65-70; col. 3, line 39-45. . It would have been obvious to one of ordinary skill in the art at the time the invention was made to have formed the Gott material so that it comprised a discontinuous coating. One of ordinary skill in the art would have been motivated to employ a discontinuous coating by the expectation that this would form a breathable and more fabric-like final product. With regard to claims 19-20, the fibers in Gott are uniformly spaced.
4. Applicant's arguments have been fully considered but are moot in view of the new grounds of rejection.
5. It is noted that the copy of the claims filed with the after final amendment include underlining for the word "only" although no amendment was made to the claim in this amendment, (the insertion of the word "only" was by way of the previous amendment). The underlining should be removed from claim 1 since no amendment is made to claim 1.

Art Unit: 1771

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
